

Legacy Fund: League Cup Report

Scottish Professional Football League Trust

LEGACY 2014
XX COMMONWEALTH GAMES

Setting the scene...

THIS REPORT TELLS THE STORY OF A REMARKABLE SEASON IN SCOTTISH FOOTBALL.

In season 2013-14, the Scottish League Cup was supported by the Scottish Government, as part of a drive to support communities across the country.

As part of a unique partnership with the SPFL Trust, a £500,000 grant was awarded, with every professional club in Scotland invited to apply for up to £11,000 of funding, for activity to be delivered against key national priorities. The impact was remarkable.

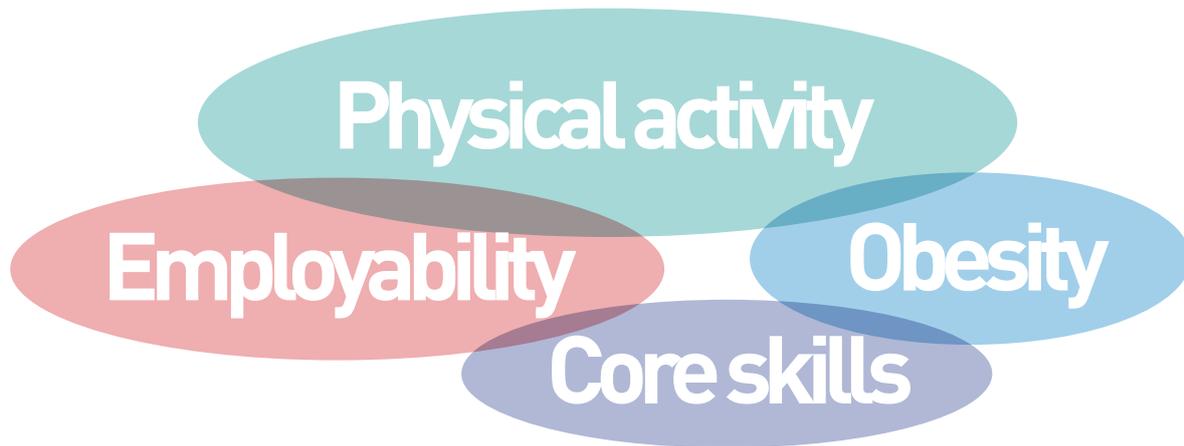

All participating clubs submitted a full set of evaluation documents to evidence delivery and the success of their individual projects, including financial, qualitative and quantitative data along with details of any PR and media coverage.

Scottish football has once again shown its enormous capacity to engage hard to reach groups, by using the power of each club's reach within the communities in which they are supported.

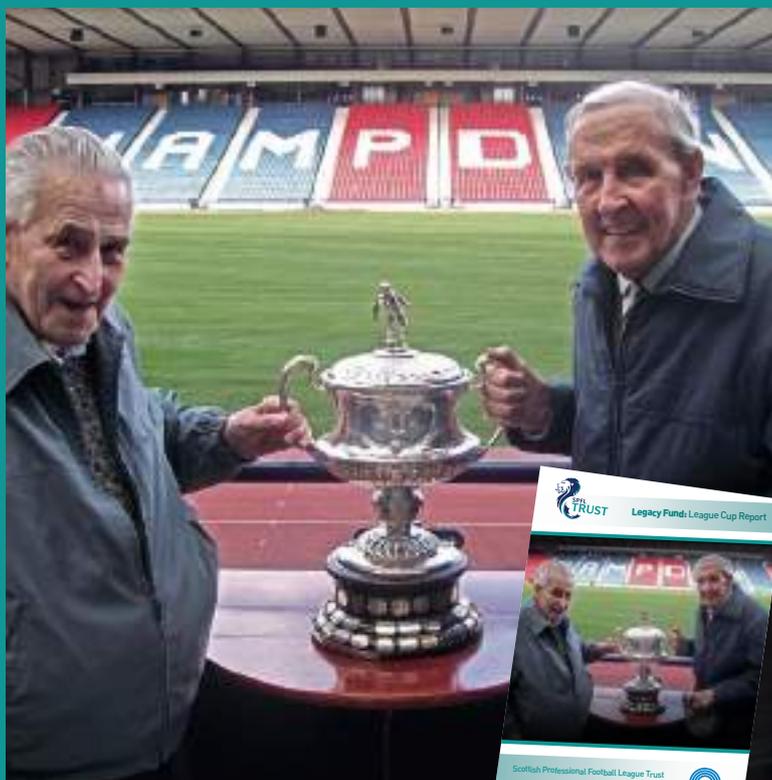

PROJECTS WERE DELIVERED ACROSS KEY AREAS OF NATIONAL PRIORITY INCLUDING:

MENTAL HEALTH FIRST AID

As well as each participating club's project, the SPFL Trust were permitted to use some funding to deliver an initiative, directly. The outcome has been the creation of **Football Mental Health First Aid courses**, with free access for staff and volunteers at all SPFL clubs. See page 10 for more information.

FOOTBALL MEMORIES

Our front cover shot features 90-year-olds Willie Corbett who played for Celtic and Scotland (r) with his life-long pal Jimmy. Jimmy had watched Willie playing for Dunipace Thistle at Easter Road in the 1938 Scottish Juvenile Cup Final.

Both now attend the Football Memories project, which supports people with dementia, by using inspiring images to prompt recall in a safe and supportive environment.

When Willie and Jimmy's story was uncovered, the very trophy from that day 78 years ago was tracked down, and both were re-united with it. Both gentlemen loved seeing the trophy, and it sparked wonderful, possibly long-forgotten, memories.

Introducing The SPFL Trust

IN 2009 THE SCOTTISH PREMIER LEAGUE TRUST WAS ESTABLISHED TO SEEK FUNDING FOR AND COORDINATE COMMUNITY INITIATIVES ACROSS THE 12 SPL TEAMS.

League reconstruction in 2013 brought together all 42 professional football clubs in Scotland under one entity – The Scottish Professional Football League.

As a result of this overhaul, the SPL Trust became the SPFL Trust, and now has a remit of engaging with all 42 professional football clubs in Scotland.

Since then, the SPFL Trust has secured funding for a range of initiatives delivered via clubs, and supported capacity building to help them deliver increased engagement in the communities they serve.

PROFESSIONAL FOOTBALL CLUBS TO WORK WITH COMMUNITIES.

We work in partnership with SPFL clubs and external agencies to promote, support, fund and administer activities which empower clubs to help meet the identified social needs of the people of Scotland.

OUR PURPOSE

To use football's unique presence to identify and provide opportunities for people across Scotland's communities to achieve their goals and improve their life chances.

OUR VISION IS:

- To work with SPFL clubs to use the unique power of football to engage with communities

OUR PRIORITIES ARE TO:

- Inspire SPFL clubs to meet a variety of local community needs
- Build capacity in SPFL clubs to help them engage with local communities
- Engage with funders to facilitate national projects at local level
- Establish relationships on a national level to ensure that Scotland's professional football clubs are at the heart of the national vision to tackle social issues

KEY VALUES UNDERPINNING OUR WORK:

- We believe the SPFL Trust should be a key player in the delivery of national outcomes
- We believe the SPFL Trust can combine and advocate the best approaches to community social change
- We believe the SPFL Trust can become a leader in community development
- We believe SPFL clubs have the power to engage with all areas in our communities
- We believe SPFL clubs offer an innovative platform from which to improve life chances in social change
- We believe SPFL clubs can be all inclusive
- We believe SPFL clubs are uniquely placed within our communities to effect important social change

Having seen the report, I was reassured that Scottish Government funding is being channelled in the right direction to help improve health, diet and fitness with so many worthwhile projects.

To have over 30,000 people across Scotland, of all age groups and with diverse backgrounds, directly benefiting from funding, with secondary benefits to families, friends and local services is a magnificent achievement.

Furthermore, I recognise many of the key issues that all of our partners are focused on addressing with projects targeting areas such as physical activity, obesity, diet, employability and core skills and that our partnership has allowed for the delivery of many projects at a local level using the appeal of one of Scotland's most recognised brands.

Jamie Hepburn MSP

FORMER MINISTER FOR SPORT, HEALTH
IMPROVEMENT AND MENTAL HEALTH

As a Board of Trustees we have been delighted with the work that has been delivered across SPFL football clubs through this initiative.

We have clearly demonstrated the ability of the SPFL clubs to use the unique power of football to tackle real social issues, affect positive change and deliver key government priorities.

The SPFL Trust has efficiently, effectively and transparently managed the funding, allowing Scotland's communities to benefit from the best that Scottish Football has to offer, in attracting people who are often hard to engage by other means.

Bob Winter OBE

CHAIRMAN, SPFL TRUST

Making a difference...

OUR CLUBS IDENTIFIED NEEDS, RELEVANT TO THEIR OWN COMMUNITIES, AND AS SUCH THE FUNDING FROM THIS PROJECT SERVED A SIGNIFICANT NUMBER OF KEY AREAS.

| | |
|-----------------------------------|-----------------------------|

10 people suffering with Chronic Obstructive Pulmonary Disease taking part in a weekly rehabilitation and awareness programme

Mental Health First Aid Training

IN ADDITION TO MEMBER CLUBS RECEIVING FUNDING VIA THE SCOTTISH GOVERNMENT LEGACY FUND, THE SPFL TRUST ALLOCATED FUNDS TO DELIVER A PROJECT – MENTAL HEALTH FIRST AID TRAINING.

Working alongside the NHS and Positive Mental Health Scotland the SPFL Trust worked to create a bespoke Mental Health First Aid Training course which focuses on case studies and experiences commonly found in a football environment.

The two day training course is delivered by qualified professionals with years of experience in both football and mental health.

One in four adults will experience mental health problems in their life and the majority of people do not know how to respond to someone suffering poor mental health. The world of football is no different.

With suicide being the biggest killer of men under 40, it is vital that a male dominated professional sport like football, does all it can to address the issue.

MENTAL HEALTH IS AS IMPORTANT AS PHYSICAL HEALTH!

THE AIMS OF MENTAL HEALTH FIRST AID:

- Equip Community coaches with the skills to provide initial help
- Prevent the problem from getting worse
- Promote recovery of good mental health
- Provide tools for giving comfort

**COACHES ATTENDED
THE COURSE SO FAR**

IN FULFILLING THESE AIMS, PARTICIPANTS WERE ABLE TO MEET THE FOLLOWING OBJECTIVES:

- Talking about suicide
- Recognising the signs of mental health problems
- Providing initial help and how to guide a person to appropriate help

POSITIVE FEEDBACK:

"The learning experience has been informative and helped me to build confidence which I require to enable me to better meet the needs of my colleagues and service users on our community programmes".

"I have enhanced knowledge and skills. A better understanding of certain areas such as self-harm, and other areas that I had not thought of in terms of mental health".

"A first class, worthwhile two days of training. I feel empowered to handle some of the difficult situations I might face".

Aberdeen City Primary Schools Healthy Lifestyle Programme

Working with 28 schools across Aberdeen City & Aberdeenshire, the AFC Community Trust created a programme to promote healthy eating and physical activity which engaged over 600 children at Pittodrie Stadium.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|-------------------|------------|-------------------------|------------------------|-------|---------|
| Healthy Lifestyle | 661 | Primary School Children | Aged 5 – 12 years | 323 | 338 |

Project Achievements:

- ★ Sessions were inspired by Aberdeen FC players' own food diaries and physical routines, as an inspiration to the pupils, who then compiled their own.
- ★ Sessions were divided into two parts, the first focusing on interactive sessions with food plates which looked at the importance of a varied and balance diet.
- ★ The second part was a vibrant football session at Aberdeen Sports Village which matched learning experiences, by assessing energy levels and the type and quantity of food required needed to perform well.

03 VOLUNTEERS
RECRUITED

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.
- ★ Enabled others to live longer, healthier lives.

Quote/Feedback:

"Teacher feedback was fantastic. They were pleased that the programme was accessible to all pupils, some of whom can be a 'handful' in the classroom".
David Smith, Community Coach at Aberdeen FC Community Trust

In Conclusion:

Highly credible programme, accessible to pupils, regardless of numeracy or literacy skills.

The Result Project/Young Parents Support Project

The eight week Result project engaged with both males and females from any age group, who were diagnosed with Chronic Obstructive Pulmonary Disease. The Young Parents' Support Project (YPSP) was designed to work with young parents between the ages of 15-19 that were still engaging in education.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|-------------------------|------------|-----------------|------------------------|-------|---------|
| The Result Project/YPSP | 22 | Male & Female | Ages 15-64 | 12 | 10 |

Project Achievements:

- ★ In addition to participant self-referrals, results referrals came from GPs and Practice Nurses.
- ★ The workshops promoted a mixture of positive educational and physical activity including; managing medication, diet nutrition and hydration, benefits and money management.
- ★ Breast, bowel and prostate screenings were also provided to identify any potential health problems.
- ★ Young parents explored and connected with their core values to their beliefs, attitudes, emotions, actions/behaviours, relationships and values.
- ★ Young parents explored and learned the fundamental skills required in non-directive coaching to not only empower their own child but have the ability to self-coach thus creating a greater independent self.

Scottish Government Outcomes Achieved:

- ★ **Project delivery has resulted in the achievement of the following outcomes:**
- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.
- ★ Enabled others to live longer, healthier lives.

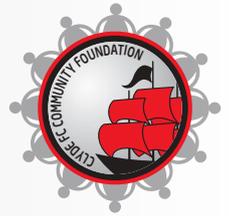

Quote/Feedback:

"The social interaction experience the clients have cannot be underestimated. This type of positive development could in turn save the NHS costs".
Brian Delaney, Project Manager at Celtic FC Foundation

In Conclusion:

This project fully demonstrates the ways in which Clubs can help local services achieve their main objectives.

The Disc Target Project

The young people were given a safe environment to play football with their peers and receive vital support and information from Local Authority Youth Workers.

Topics such as drug and alcohol support, behaviour at school, discussions around crime reduction, mediation to avoid gang/ territorial issues and importantly Child Protection issues were discussed.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|-------------|------------|-----------------|---------------------------|-------|---------|
| Disc Target | 200 | NEETs | 12-16 years & 17-25 years | 150 | 50 |

Project Achievements:

50 SESSIONS OF STAFF TRAINING

16000 INTERVENTIONS

- ★ Delivered 50 weeks a year outdoors, in almost all weathers from a sports facility in the heart of one of the city's largest areas of multiple deprivations.
- ★ Young people identified as being involved in risk-taking or negative behaviour are heavily supported to integrate within the wider community.
- ★ Peer Mentors are now employed by the club as Community Coaches.
- ★ The project will continue into the following year with support from Dundee City Council.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Have worked towards having strong, resilient and supportive communities where people take responsibility for their own actions and how they affect others.
- ★ Tackled the significant inequalities in Scottish society.
- ★ Improved the life chances for children, young people and families at risk.

Quote/Feedback:

"50 weeks of football sessions to young people has seen Youths Causing Annoyance (YCA) calls in the Stobswell area of Dundee stay low. It has also been recognised by local bodies, Police Scotland, Community Safety Workers, local high school, etc to be the key in reducing Youth Crime in the area". **Alex Cooper, Community Worker at Dundee United Football Club**

In Conclusion:

A project which demonstrates the powerful way in which SPFL Clubs can work effectively with local organisations to bring about change and support difficult to reach groups.

Afterschools Club, Holiday Camps, Wee Fifers Nursery Project and Weekly Football

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|-----------------------------------|------------|-----------------------------|------------------------|-------|---------|
| Afterschool/Camp/Nursery/Football | 914 | Nursery and School Children | 2 – 15 years | 662 | 252 |

Project Achievements:

- ★ Delivery of free taster sessions to local nursery schools.
- ★ Delivery of a multi-sports holiday programme in partnership with Fife Council.
- ★ Weekly disability classes for children and respite for carers.
- ★ Recruitment of a fixed term Community Development Worker.
- ★ Further full time post created as a result of this project's success.

185 HOLIDAY CAMP PARTICIPANTS

260 WEE FIFERS PARTICIPANTS

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.
- ★ Enables others to live longer, healthier lives.

Quote/Feedback:

"The grant has allowed us the time to manage and deliver these projects properly... The rapid growth has been quite unexpected. We have seen a significant rise in community involvement from both children and adults....most of whom had no engagement with the club at all before". **Lorna McCauley – East Fife FC**

In Conclusion:

Massive impact through a range of community activity to double the number community outreach sessions.

Pre-school Childrens Programme & the setup of the Foundation

East Stirlingshire Galaxy, the charitable arm of East Stirlingshire FC, delivered a programme for pre-school children in the local areas of the Falkirk District. This has been the first time East Stirlingshire Galaxy have delivered an initiative of this type.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|------------|------------|-----------------|------------------------|-------|---------|
| Pre-School | 239 | Nursery pupils | Ages 0-4 | - | - |

Project Achievements:

- ★ A first for the club – a programme designed specifically for local children of the pre-school age.
- ★ Children have been able to benefit from sessions full of physical activity.
- ★ Following a successful pilot programme, the club intend to roll the programme out to other areas in the near future.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Have worked towards having strong, resilient and supportive communities where people take responsibility for their own actions and how they affect others.
- ★ Enabled others to live longer, healthier lives.

Quote/Feedback:

“The grant has allowed us the opportunity to make possible something that would not otherwise have been possible. If no grant were available it is unlikely we would have ever contemplate delivering a community football programme or sought partners to make it achievable”. T. Kopszywa, East Stirlingshire FC

In Conclusion:

Great programme that enabled the expansion and development of programmes in areas of SIMD.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.
- ★ Enabled others to live longer, healthier lives.

Quote/Feedback:

"The individuals who took part, their self-confidence and belief in their abilities increased, such as levels of commitment and planning skills, alongside a more focused purpose in their future plans. Lots increased level of peer friendships which has continued and a number have now shown more drive towards continuing with long term physical activities".
Michelle Grana, SAMH Inverclyde Team Leader

In Conclusion:

Excellent partnership working between the Foundation and SAMH.

40 SESSIONS DELIVERED

706

TOTAL No. ENGAGED

Little Dribblers

Ross County used their funding to offer local 3 and 4 year old nursery pupils, 2 free football sessions a week for 4 weeks.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|------------------|------------|-----------------|------------------------|-------|---------|
| Little Dribblers | 706 | Boys & Girls | Aged 3 & 4 | 402 | 304 |

Project Achievements:

16 NURSERIES ENGAGED

- ★ This project aimed to act as an early intervention tool to encourage children to become and stay physically active from a young age.
- ★ The children’s motor skills and cognitive skills are developed through the carefully planned programme.
- ★ Each nursery class was issued with tools to play football beyond the sessions.
- ★ The teachers at the nursery school were also equipped with basic knowledge and football know-how to teach further sessions in a confident manner.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.
- ★ Enabled others to live longer, healthier lives.

Quote/Feedback:

“The great success of this programme was being able to provide free coaching to as many nurseries as we could without nurseries trying to find money for their budgets to give the kids extra curriculum activity”.

Gordon Duff, Ross Country Football Club

In Conclusion:

A successful project with lasting results.

Saints Media Stars & Funded Staff Position

St Johnstone have used half of their funding to recruit a new Community Projects Coordinator. The other half of the funding was used to develop and deliver 2 'Saints Media Stars' community projects to 16 primary schools.

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|-------------------|------------|-----------------|------------------------|-------|---------|
| Saint Media Stars | 302 | Boys & Girls | Aged 9-10 | 153 | 149 |

Project Achievements:

16

SCHOOLS ENGAGED

- ★ Saints Media Stars engaged with young people who may have been encountering difficulties with literacy work at school.
- ★ The project has helped to develop literacy skills through the delivery of football related literacy activities, such as match day reports.
- ★ The school children visited McDiarmid Park to participate in 3 different workshops related to match commentating, interview techniques and newspaper reporting of football matches.
- ★ Some of the children were given the opportunity to interview the manager and first team players.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.

Quote/Feedback:

"The enthusiasm and application from the kids was first class. It was very noticeable that certain children found it easy to engage because they were at a football stadium and teachers were quick to comment on how valuable it was for those who were normally struggling with literacy at school". Willie Oliphant, Teacher

In Conclusion:

This innovative programme demonstrates how alternative teaching methods can help young people develop much needed life skills.

Soccer Saints Programme

St Mirren have used their funding to deliver a multi-sports and employability programme for S4 and S5 pupils that are either at risk of, or that have totally disengaged from mainstream education (considered to be either school leavers or unemployed).

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|--------------------|------------|-----------------------------|------------------------|-------|---------|
| Training Programme | 480 | Adults, Youths and Children | Age 2-65 | 286 | 194 |

Project Achievements:

- ★ The programme offered a platform back towards routine and structure through varied sports delivery and personal development workshops encouraging motivation, improved confidence and self-esteem.
- ★ Delivery of personal development focused activities and attainment of qualifications, whilst the afternoons included the delivery of a range of practical sporting sessions.
- ★ The programme offered 6 full time contracted jobs with St Mirren Football Club to work within the Street Stuff Diversionary Programme.
- ★ A further 4 young people work on a sessional basis for the community department. 3 have continued their development by becoming volunteers.

02 EVENTS DELIVERED

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Enabling others to live longer, healthier lives.
- ★ Our young people are successful learners, confident individuals, effective contributors and responsible citizens.

Quote/Feedback:

"The programme offered the young people an opportunity to gain qualifications, change their mind set (motivation to work) and offer their time back into the community through mandatory volunteering within the work experience element of the programme". **David Mackay, Football Development Officer, St Mirren FC**

In Conclusion:

This well designed programme has allowed many young people the opportunity to achieve, develop and enhance their self-esteem.

Disability Programme & development pathway & employment of a Community Director

| Project: | # Engaged: | People Engaged: | Demographic Age Group: | Males | Females |
|----------------------|------------|------------------------------|------------------------|-------|---------|
| Disability Programme | 111 | Children & Disability Groups | Aged 7-72 years | 86 | 25 |

Project Achievements:

- ★ Development of pathway for those aged 18 – 72.
- ★ Delivery of projects such as Walking Football, Inclusive & Active and Still Game.
- ★ Improvement of children’s disability programme.
- ★ Recruitment of a Community Director.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Tackling significant inequalities in Scottish Society.
- ★ Having strong, resilient and supportive communities.
- ★ Providing better employment opportunities for your communities.

Quote/Feedback:

“As a result of the project the club has the staffing resource to focus on enhanced community engagement... the community programme has expanded as a direct result”. Jamie Kirk, Stenhousemuir FC

In Conclusion:

This project has allowed Stenhousemuir FC to make great strides in their community.

|------------|------------|---------------------|------------------------|-------|---------|
| Pre-School | 460 | Pre-school Children | 0-4 years | 281 | 179 |

Project Achievements:

17 NURSERY SCHOOLS ENGAGED

- ★ Free nursery school programme delivered across Stirling area.
- ★ Focus on development of physical literacy, balance and co-ordination.
- ★ Access to sessions regardless of economic background.
- ★ Capacity building at Club.
- ★ Recruitment of 3 Community Coaches (Sessional).

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ Tackling significant inequalities in Scottish Society.
- ★ Providing better employment opportunities for your communities.

Quote/Feedback:

"The overall feedback... was extremely positive.... A number of children were quite reluctant to become involved in the sessions during week 1 but by week 4 were becoming fully involved and doing really well".

Andy Todd – Stirling Albion FC

In Conclusion:

Exciting step forward as Stirling Albion continue to expand their community activities.

|--------------------------|------------|---------------------------|-------------------------------|-------|---------|
| Functions/Safety/Nursery | 1100 | School & Nursery Children | Aged 3 - 12 years, and adults | 550 | 550 |

Project Achievements:

03 NURSERY SCHOOLS ENGAGED

01 WORKING PARTNERSHIP

- ★ Since October 2015, Stranraer FC Community Trust have used their funding to provide 2 community programmes to engage with children throughout the town and surrounding area.
- ★ They have engaged with 19 primary schools and 3 nursery schools to provide fun football sessions concentrating on a basic skill level incorporating numeracy and literacy games and presentations on importance of leading a healthy active lifestyle.
- ★ All sessions are delivered in a fun and supportive environment focused specifically on participation and learning regardless of football ability.
- ★ 'Operation Safety' programme liaised with Police Scotland at the stadium to educate primary children on crime prevention, awareness and internet safety.

Scottish Government Outcomes Achieved:

Project delivery has resulted in the achievement of the following outcomes:

- ★ You have worked towards having strong, resilient and supportive communities where people take responsibility for their own actions and how they affect others.
- ★ Enabled others to live longer, healthier lives.

Quote/Feedback:

"Whilst running these programmes I have had a numerous requests from teachers and parents about pupils or Children participating in after school football thus leading to creation of a non competitive weekly football league for schools to enter".
Allan Jenkins, Stranraer FC Community Coach

In Conclusion:

The community department has been able to engage with all schools in town and more remote rural schools which have not had any previous engagement with Stranraer FC.
